

Fellow Toastmasters,

Two weeks from today on Friday November 6 & Saturday November 7, Toastmasters from the four divisions in District 65 will be participating in the "fall" District Conference in beautiful Niagara Falls - the once honeymoon capital of United States! Did you know that almost 100 years ago (in 1911) the falls were completely frozen and people walked near and around the falls. If you did not know about the falls being once frozen or had heard about it but not seen the actual pictures, here is a short write-up and four rare and historical pictures for your viewing pleasure. Our conference organizers however have promised us fair weather, unfrozen falls and plenty of honeymoon - a period of harmony following the establishment of new relationships.

### **NIAGARA FALLS 100 YEARS AGO:**

I can't imagine it being this cold and for this long - if you have never been to the falls, they are incredibly huge! It would have required many, many days at sub-freezing temperatures to accomplish this!

**THIS PICTURE WAS TAKEN  
WHEN NIAGARA FALLS WAS COMPLETELY FROZEN IN THE YEAR 1911.  
A VERY RARE PHOTO.**

I've read of this but never saw the photo before. Makes you wonder just HOW COLD and HOW LONG it was that cold!!
